ABOUT US

Next in Chemistry

DUMAN is an international trade company which deals with export and import with its contractual global and local suppliers for especially Chemical Raw Materials in general. Our company has primarily focused on export of Paint and Coatings raw materials and Construction Chemicals on which it has many years experiences. Later on, as demand from the market and new opportunities emerged, we started exporting and importing some other products such as Machinery Manufacturing, Packaging, Polymers for Plastic and Detergents and Cosmetics.

DUMAN has its own brands and is getting its various Paint and Coatings raw materials manufactured as private label and exports to abroad.

We can keep the pulse of the market as a result of our strong business cooperation with reputable local and overseas companies and we are able to supply the best quality products and services at affordable prices.

At present, we export more than 15 countries in North and South America, Europe, MENA and APAC Territories. In the near future, our company aims to extend our business in current markets and also create new markets in other territories.

An Innovative Approach to Chemical Solutions with Global Perspective

Every day, we strive to enhance international commerce through the physical movement and marketing of Paint and Coatings Raw Materials, Construction Chemicals, Plastics, Packaging and Machinery & Equipment. We are committed to providing our clients and suppliers with streamlined services, so they can focus on their core business and we develop ourselves accordingly day by day.

We meet the exclusively demands of our customers add value to our suppliers through providing superior logistics, risk management, financing, and market intelligence services. We originate and market products globally, meeting specific location, quality, timing and volume requirements. We also provide a versatile range of price risk management and contracting alternatives to our clients.

OUR EXPORT COUNTRIES

North America

- United States

SUSTAINABILITY

We aim for our activities to contribute to a more just, equal, and inclusive society, where we continuously improve our environmental impact on the journey to a net zero, circular economy.

Duman aims to achieve the highest possible standards of sustainability through its operational activities and outreach to the broader community. To reach this objective, Duman will continue to assess and improve the environmental impact of its operations, as well as its supply chain, social and employment practices. Duman will maintain a Sustainability Task Force to address these matters.

Duman recognize our responsibility not just to create economic value, but also to promote a more inclusive economy, where globally diverse stakeholders benefit, and the value contributes to environmental and social good.

How our business both impacts and is impacted by environmental and social issues, we identified our focus areas as:

Social and Economic Inclusion

Promote respect for human rights across the value chain, improve workforce diversity, and invest in positive social impact.

Environment and Climate

Reduce resource use, partner with suppliers to improve environmental impact, and lower our carbon footprint.

Circular Economy

Help enable the market for sustainable products and collaborate to end plastic waste in the environment.
